#### **Accommodating Easy Access to Gold Investment for the Community, ANTAM Presents Precious Metal Mobile Application**

**Jakarta, March 19, 2025** – PT Aneka Tambang Tbk (ANTM) or ANTAM, continues to innovate in providing customers with easy access to precious metal gold products. Through the Precious Metal Processing and Refinery Business Unit, ANTAM officially launched the ANTAM Logam Mulia mobile application, a digital platform that allows physical gold transactions to be more secure and practical, on March 18, 2025.

This application presents the BRANKAS (*Berencana Aman Kelola Emas*) feature, which was previously only available in the web-based version. With this application, customers can now make gold transactions, store, and access BRANKAS services directly from their mobile devices without the need to visit the Precious Metal Gold Boutique.

**ANTAM President Director Nico Kanter said that the launch of ANTAM Logam Mulia application is an important step in supporting the Bullion Bank ecosystem, the first gold bank in Indonesia inaugurated on February 26, 2025. This initiative also aligns with the government's SOE digitalization program, marking ANTAM's commitment to providing innovative solutions for customers.**

**“The presence of the ANTAM Logam Mulia application is an innovation developed to facilitate customers in accessing ANTAM precious metal products and supporting the Bullion Bank ecosystem. Through this innovation, the Company is committed to improving efficiency, competitiveness, and service quality by utilizing the latest digital technology,” Nico explained.**

Prior to its official launch, the ANTAM Logam Mulia application went through a soft launching phase on February 17, 2025, where customers with BRANKAS accounts were able to conduct digital gold transactions. With the official launch, all Indonesian community can experience the convenience of precious metal transactions through the BRANKAS feature directly from their mobile phones.

**“Currently, customers who already have a BRANKAS account can use the ANTAM Logam Mulia application to do more practical transactions, from account registration to the transaction process. This is our first step in providing a reliable and modern investment experience,” Nico added.**

## PRESS RELEASE

### PT ANTAM Tbk

#### For immediate release

In the future, this application will be equipped with other transaction features to provide a more convenient and seamless gold investment experience. ANTAM expects this application to provide customers with an easier to invest in gold as a safe haven investment that is profitable in the medium and long term.

The ANTAM Logam Mulia application is available for download on the Play Store and App Store. Customers can use it to purchase and sell BRANKAS digital gold more easily and safely.

Furthermore, ANTAM Director of Operation and Production Hartono said the presence of the ANTAM Logam Mulia application is also an answer to meet the community's demands.

**“We believe the presence of this application will provide a sense of security and comfort in transacting ANTAM precious metal gold products, both for wedding preparation, children's education, and future funds,” Hartono concluded.**

This digitalization step confirms ANTAM's commitment to providing innovative technology-based services by prioritizing transaction security and customer protection. With the *#SemakinDekat* and *#UntungPunyaEmas* campaigns, ANTAM proves its seriousness in meeting the community needs for easier, more practical and reliable gold investment.

For more information or assistance in downloading the application, customers can contact Instagram @antamlogammulia, call center at 0804-1-888-888, or ALMIRA WhatsApp service at 0811-1002-002 (chat only).
