

Press Release

**ANTAM RECEIVES THE
SOCIAL BUSINESS
INNOVATION & GREEN
CEO AWARD 2014**

For Immediate Release

Jakarta, June 27, 2014 - PT ANTAM (Persero) Tbk (ASX - ATM; IDX - ANTM; ANTAM) is pleased to announce that the company received the Social Business Innovation and Green CEO Awards 2014. The accolades were received by ANTAM's President Director, Tato Miraza from the Chief Editor of Warta Ekonomi Magazine, Muhammad Ihsan, on June 27, 2014 at the Le Meridien Hotel, Jakarta.

ANTAM's President Director, Tato Miraza said:

"The awards are tokens of appreciation for our commitments in implementing good mining practises throughout our activities, from exploration, mining, processing and to marketing. The awards encourage us to continuously grow and keep ourselves committed to actively participate in improving the welfare of the surrounding community and preserving the environment through a series of well-planned CSR and environmental management programs to ensure sustainability."

ANTAM has received similar awards three times since 2012. The event is held annually by Warta Ekonomi Magazine.

The Social Business Innovation Award is an award given based on a series of research, survey, and analysis. The study ranks companies based on successful implementations of sustainable business activities through innovative Corporate Social Responsibility (CSR) programs which benefit the society and the environment. The Green CEO Award is given to the CEO who leads his/her company as a sustainable enterprise based on business, natural environment and social environment aspects.
