National Customer Day, ANTAM Launches Gold Gift Series for Baby Born

Jakarta, September 5, 2024 – PT Aneka Tambang Tbk (ANTAM; IDX: ANTM; ASX: ATM), member of PT Mineral Industri Indonesia (Persero) (MIND ID), The State-Owned Enterprise of Mining Industry, through the Precious Metals Processing and Refinery Business Unit will launch a new gold bar product Gift Series with the theme Baby Born to coincide with the National Customer Day 2024.

The Baby Born Gift Series complements ANTAM's Gift Series gold bars, which are suitable for investment, collection, and gifts to family and colleagues. The Gift Series Baby Born will be available throughout ANTAM's precious metals network on September 12, 2024.

ANTAM's Director of Operations and Production, Hartono, expressed gratitude and appreciation to the loyal customers who have supported the Company.

"The Company is committed to providing customers with quality products and services through the Gift Series Baby Born gold bar. National Customer Day 2024 serves by ANTAM to provide added value products, allowing customers to enrich their investment portfolios and collections," he said.

The Baby Born Gift Series will be available in gold bar of 0.5 grams and 1 gram, with three fascinating designs. This variety affords customers the flexibility to personalize their gold bar ownership.

The gold bars of 0.5 gram present two colour options: a delightful pink with a baby girl design and a lovely blue with a baby boy design. The gold bars of 1 gram offer a unique green colour, illustrated with an endearing bear design.

In addition to attractive design and high investment value, the Baby Born Gift Series gold bars are also fitted with modern security features. The product is completed with UV features on the front and back of the card, and a QR Code directly linked to the official website, www.logammulia.com. These features ensure product authenticity and give customers easy access to ANTAM's other precious metals products and services.

As a gold investment instrument, the Baby Born Gift Series has the added value of hedging and a valuable addition to future investment planning. Presenting these gold bars as a gift for newborns to family or colleagues will provide positive benefits for investment planning.
