### ANTAM LAUNCHES PRODUCT INNOVATION OF GOLD DEPOSITORY SERVICES

#### For immediate Release

**Jakarta, 12 April 2016** - PT ANTAM (Persero) Tbk (ASX - ATM; IDX – ANTM; ANTAM) is pleased to announce that the company has launched gold depository services product innovation called "BRANKAS". The grand launch of the service took place at Balai Kartini Jakarta on Monday, 11 April 2016. During the event, ANTAM launched three added value services to its customers: "Corporate BRANKAS", "BRANKAS Berzakat" and "Individual BRANKAS".

**ANTAM's Marketing Director, Hari Widjajanto said:**

**"The main objective of our BRANKAS services is to educate the public on the importance of future investment through gold saving. The BRANKAS service offers both gold purchase and saving in one product. The service caters to various customers' demand, both small and large quantities, and offers flexible withdrawal mechanism. The added value reflects our commitment to excellent customer service."**

ANTAM currently offers three BRANKAS services. The Corporate BRANKAS is geared toward corporations with liquid investment appetite such as ANTAM's gold. The Corporate BRANKAS can also be offered to their employees who are interested in saving part of the monthly income for gold investment which will be stored in ANTAM.

The BRANKAS Berzakat service is geared toward Moslem customers who are interested in both investing and gold zakat in one product. The BRANKAS Berzakat includes automatic calculation of zakat when it reaches 85 grams nishab and one year *haul* limit. ANTAM cooperates with the National Amil Zakat Agency (BAZNAS) in providing the service. BAZNAS is the official zakat management institution based on Presidential Decree No. 8 Year 2001.

The Individual BRANKAS is geared toward individuals. Customers can join the service by purchasing as little as 1 gram of gold with a Rp25,000 per month membership fee. The service is geared toward customers eager to establish financial planning through gold investment.
